Daniel,

You did a great job on this last year and Glenda and I would like to pull together similar maps and charts the show the NPDES permits we are working on in FY15 along with EJ areas form EJScreen.

How do I make an request for GIS support?

Do you have a record of what we ended up doing last year, because I don't see major changes other than a new chart of NPDES permits (attached, but it is constantly being revised so I will re-send the latest just before you actually use it).
